

**IN THE UNITED STATES DISTRICT COURT FOR THE
WESTERN DISTRICT OF MISSOURI
SOUTHERN DIVISION**

UNITED STATES OF AMERICA,

Plaintiff,

v.

VINCENT DOMINY,

Defendant.

Case No. 20-03092-01-CR-S-MDH

MOTION FOR DETENTION

Comes now the United States of America, by and through Timothy A. Garrison, United States Attorney for the Western District of Missouri, and the undersigned Assistant United States Attorney, and hereby moves this Court to order the detention of the defendant, **VINCENT DOMINY**, and states the following in support of the motion:

1. An indictment has been filed charging the defendant with receipt and distribution of child pornography, in violation of Title 18, United States Code, Sections 2252(a)(1) and (b)(1), and sexual exploitation of children, in violation of Title 18, United States Code, Section 2251(a).
2. Title 18, United States Code, Section 3142(f) provides, in pertinent part, that a hearing must be held by the appropriate judicial officer to determine whether any condition or combination of conditions “will reasonably assure the appearance of such person as required and the safety of any other person and the community” if the attorney for the Government moves for such a hearing and the case involves:

“(E) any felony that is not otherwise a crime of violence that involves a minor victim... .”

3. Title 18, United States Code, Section 3142(e) mandates, subject to rebuttal, “it shall be presumed that no conditions or combination of conditions will reasonably assure the appearance of a person as required and the safety of the community if the judicial officer finds that there is probable cause to believe that there is probable cause to believe that the person committed—(E) an offense involving a minor victim under section 2252(a)(2)... of this title.”
4. On August 24, 2020, members of the Southwest Missouri Cybercrimes Task Force executed a search warrant upon the defendant’s residence after receiving information indicating that he was producing and distributing child pornography.
5. The defendant, who was located on scene, was questioned and confessed to producing child pornography and sending the resulting images to other individuals via the Internet.
6. A forensic preview of the digital storage devices recovered under color of the search warrant yielded the discovery of multiple images depicting the sexual abuse of children.
7. This Court is obligated to consider “the nature and circumstances of the offense charged, including whether the offense... involves a minor victim... .” See 18 U.S.C. § 3142(g)(1).

8. The evidence against the defendant is overwhelming. See 18 U.S.C. § 3142(g)(2).

Wherefore, based upon the foregoing, the United States submits that there is clear and convincing evidence that there are no conditions which the Court could place upon the defendant that would reasonably assure the defendant's appearance in Court and the safety of the community. The Government therefore requests that a detention hearing be held and that the defendant be detained pending trial of this matter.

Respectfully submitted,

Timothy A. Garrison
United States Attorney
